Natalie Wright writes a craft blog called NatalMe featuring projects for paper crafting, parties, and mixed media.

My niece is a slim-a-holic. She is always tough to buy for but I knew if I stuck in the slime category she would be happy lol. I read others reviews when picking which book to get her. Glad I picked this one because it was a hit! Her face was priceless! The book is defiantly basic, but I think that is what I like about it. Easy to follow recipes. The book is vibrant colors and the papers aren't thin. It seems like it could withhold some slime abuse. I quickly glanced at it before I gave it to her and there was recipes for glow in the dark slime, glitter slime, all kinds of slime. Fun book for any slime lover!

I have been looking for a book with a little bit of everything, to do with slime, in it and I like the ideas in this book, but for the price, I expected there to be more recipes in it. I chose to give it 5 stars because it was a thorough step-by-step guide.

Best slime book for kids! Great value, and tons of fun recipes and ideas. Love the step-by-step photos. They really make the process stress-free and easy for tweens and teens to make on their own!

My 10 yr old daughter LOVES this book! So far she has made metallic slime, fluffy slime and glow in the dark slime (so fun for sleep-overs). I think she will make every single recipe in this book!

Let's of different and fun slime recipe my avid slime maker hasn't tried yet!

This book is Fabulous!The recipes are easy for my older kids to follow without any help from me. The photos are beautiful and the recipes are a success. I have very happy slime making children. I highly recommend this book!

Lots of great recipes for guaranteed good fun!
