The Complete Mandolinist: A Comprehensive Method

Synopsis

The Complete Mandolinist is the most comprehensive American mandolin method to be published in nearly a century. Written by Marilynn Mair, internationally acclaimed mandolinist, recording artist and teacher for over two decades, this book presents a logical approach to mandolin technique that builds on the pioneering efforts of America's mandolin teachers of the early 20th century. Starting with a foundation in basic technique and music reading, the book progresses, in the course of its 224 pages, through scales, arpeggios, tremolo, position work, shifting, rhythm studies, picking techniques and duo-style, with carefully selected exercises and musical examples that range from fiddle tunes and Brazilian choro to Vivaldi concertos and Beethoven sonatinas. The method reflects the wealth of musical knowledge Marilynn has acquired over the course of her distinguished career, and she has compiled it here for you, to encourage the versatility and intelligent musicianship you will need to become a more complete mandolinist. Includes access to online audio.

Customer Reviews

This is really good, especially if you already play violin--clear method, easy to follow on your own.

But if you know nothing about music,, have no violin experience, best used with a teacher...like anything else.

My teacher says this is the ultimate book. However, you need a teacher because many pieces do not have accompanying audio, nor can you find them on Youtube. Even if I stumble through the exercises, it makes me much better on easier songs.

Very in depth. I have been playing guitar for decades, so the theory was easy to follow. Not sure if I would have liked this book so much if I didn't have a strong musical background. I certainly would not recommend it for a first time student.

Just as ordered. Got this at the recommendation of my mandolin instructor while i took a leave of absence and couldn't take kessons

A very thorough mandolin instruction book.

Great

Excellent book for mandolin learners
