Synopsis

The Valentines Day Coloring Book By Cynthia Van Edwards One of the most enchanting, most innovative Coloring Book Artists in the world, Cynthia Van Edwards has done it again. In this incredible new Coloring book, the first in the "Midnight" series, you will get to work with images and illustrations that look and feel 3-dimensional. Some of the new coloring pages in this book break away from conventional coloring and offer a completely new and mind-altering experience virtually forcing your creative juices to flow - a mixture of single and double page images. The Valentines Day coloring book celebrates the feelings and emotions we experience when falling in love; fighting through conflict, jealousy and controversy; struggling to trust one another; and letting it all go in favor of that inexplicable feeling that words don't do justice. With a mixture of "Midnight" (black), white, and Wireframe backgrounds, your senses will be challenged as you put pen or pencil to work adding life and magic to these pages. This new series is going to be something special to any Colorist and we can't wait to see the beauty you create! Now, let's see what you're made of! #LOVE This book has been a collaborative effort between artists, designers, and psychologists. This book not only soothes you, but also increases mental stimulation. The pictures and designs may seem random at first glance, but they're anything but. We hope to give the designer (you) a very introspective and mind expanding experience. PLEASE: Take pictures of your finished coloring designs and post them to CYNTHIA VAN EDWARDS's Facebook page, add the hashtag #LoveColoringBook to your post We have a special group on Facebook which we would love for you to join, "Cynthia Van Edwards Coloring Team"
