Dolphins At Play In The Ocean: Coloring Book For Relaxation And Enjoyment (Coloring Books For Adults)

Synopsis

A WONDERFUL PRESENT FOR THE COLORING LOVER. As a lover of dolphins Kaye has endeavored to capture the essence of their beauty in this book. A rare opportunity to color in these beautiful creatures. This range of images show dolphins at play underwater, flipping and turning above the waves and there are also dolphins who have their own zentangled designs. Some patterns are quite simplified to allow you to color and even add extra features if you wish and others are quite complex so that you can use a range of colors and modernize your image. If you like dolphins you will thoroughly enjoy this wonderful range of these friendly mammals.

Customer Reviews

Kaye Dennen has had over 5 years in the arts and crafts field as an instructor and business owner. She has been involved in the arts field as a hands-on business operator in the ceramic industry, a folk art painting teacher and an avid artist on canvas. In the past 8 years Kaye has been writing about arts and crafts and has gained a following for my coloring books and arts business books. Having spent years boating and fishing Kaye fell in love with dolphins many years ago and has enjoyed working on this book.

My granddaughter loved this book. It was a birthday gift.

When i bought this book, i expected pictures like the cover, although the pictures are cute they are childlike cartoons. Disappointed
