Dr Bahram Elahi's books are real books as they carry a power of sincerity and honesty that connects to the Soul. Dr Bahram Elahi's detailed explanations about spiritual matters are incredibly inspiring. I recommend all his books. Especially "The path of perfection" as a start. One should be alert to the force that flows through his writings and not get caught on the details of his theory at first. His theory makes much sense and could challenge certain ideas and concepts.... read open minded with a free heart.... and you will feel clearly that Dr Bahram Elahi knows what he talks about. His writings carry a humility well blended with strength, proving his authentic spiritual background and experience.

The Path of Perfection describes where we as humans originate, what the purpose of our creation was and how to head back home. It explains the unexplainable, from knowing oneself to beyond the realm of the physical world. A great structure and foundation for every human being. I highly recommend this book. So you've always wanted to know why?... Now you have the answers, read

it.

This book is about the aim of creation, about God, about the whole universe, about the soul of human being, about eternal life. Ostad Elahi shows you practically why we have been created, why we are here on the earth and what is the purpose of being here. And what is our final destiny after leaving the earth. The eternal questions and answers.

I read this book about 5 years ago when I was still in college. Suffice to say, it turned my life around. Since then I have read every book written by Dr. Elahi and one is better than the other one! Don't miss out on this.

this is a book every one should read and gain more knowledge of why?where?what?. its a great book
