I wish it came with the disc that was originally sold with it.

This is a great book for anyone interested in becoming a better news writer. It's easy to read, easy

to understand, and even funny at times. You learn all the basics and the rules not to break when writing news stories. I work at a news/talk radio station in upstate NY. I'm not on the air yet but I write news stories for the anchors every day. The news director was shocked and surprised at the quality of my writing since I had no previous experience in radio news. Writing news can be hard but it's simple if you follow the rules taught in this book.

This book is extremely informative and convenient for the aspiring journalist who desires to break in the competitive industry of tv news. The material is comprehensive and effective. Students and professionals can benefit from the demanding exercises this amazing text offers.
