Snuggle Puppy! (Boynton On Board)

Synopsis

A great big hug in book form, Snuggle Puppy is a year-round valentine from parent to child. It is bright, chunky, a pleasure to hold, and has a die-cut cover that reveals a glimpse of the joy inside before it's even opened. Best of all, it's packed, of course, with pure Boynton: her inimitable language, her inimitable illustrations, her inimitable sense of fun. OOO, Snuggle Puppy of mine! Everything about you is especially fine. I love what you are. I love what you do. Fuzzy little Snuggle Puppy, I love you. Featuring a sweet and cuddly doggie cast and rhyming verse, Snuggle Puppy is the perfect bedtime book to read last, because of an ending that kids will want again and again: I started with OOO. . . . Now we'll end like this: [BIG SMOOCH!]

Ooo, SNUGGLE PUPPY of mine. Everything about you is especially fine.

Sandra Boynton is a popular American cartoonist, writer, and songwriter. Since 1974, Boynton has written and illustrated over fifty children's books and seven general audience books, including five New York Times bestsellers. More than 60 million of her books have been sold—almost entirely to friends and family," she says. She has also written and produced five albums of award-winning

children's music. Three of her albums have been certified Gold, and Philadelphia Chickens, nominated for a Grammy, has gone Platinum. She lives with her family on a farm in New England.

This is a song that you read. In my family, we put it to music that we made up ourselves. Our 2 year old LOVES this book and requests it by name. She love the adorable pictures, too. The words are so cute. Here's the first part: "Now I have a thing to tell you and it won't take long. The way I feel about you is kind of a song. It starts with an "Ooooooh" and it ends with a kiss. And all along the middle goes something like this. Ooooooh snuggle puppy of mine. Everything about you is especially fine. I love what you are. I love what you do. Fuzzy little snuggle puppy, I love you." There's more. That's just the first couple of pages (from memory) so please excuse me if some of the words are wrong :) I just had another baby and I can't wait until she's old enough so that I can share this book with her as well. Get it. You won't regret you did.

Bought this book and 3 other Sandra Boynton books (Are you A Cow?, Hippos Go Berserk, and Doggies) for Christmas gifts for my best friend's 2-year old and my boyfriend's niece who is almost a year old. I think they will be perfect for mom and dad to read to them, and the girls to begin to learn to read as they grow! They are board books-- thick and good quality, that will be easy for tiny hands to hold... or put in their mouth... or whatever... haha. This book is so sweet, and a perfect bedtime read for parents and kids. I almost cried while I was reading through it. I am a dog person, and so are the parents of the girls I got the books for, so I think it will be absolutely wonderful for them, and hopefully create some sweet memories. :)

This is a great book. I received it when my daughter was small. It was one of her favorites. When my niece got pregnant, she wanted to get a copy for her. So it is one that keeps on giving.

My kids love Sandra Boynton books. Great for young kids. My kids are 18 months, 3yr, and 6yr. They all love her books.

such a sweet book. also great for language development (as all boynton books seem to be!). talks about having a beginning, middle, and end. my toddlers love it.

Sandra Boynton is one of my absolutely favorites! Loving children's book with precious drawings.

I hate when books make you try to sing words without knowing a melody, but the kids love this book.

An essential book for your little munchkins. We made up a song only to realize later there is actually a song written from the author, LOL. I like ours better! Our daughter loves this book.
