World Music Concise Edition: A Global Journey - Paperback & CD Set Value Pack

Synopsis

World Music: A Global Journey, Concise Edition is an ideal introduction to the diversity of musical expression around the world, taking students across the globe to experience cultural traditions that challenge the ear, the mind, and the spirit. Based on the comprehensive third edition, this concise version offers a brief survey of the world's musical culture within a strong pedagogical framework. As one prepares for any travel, each chapter starts with background preparation, reviewing the historical, cultural, and musical overview of the region. Visits to multiple sites within a region provide in-depth studies of varied musical traditions. Music analysis begins with an experiential "first impression" of the music, followed by an "aural analysis" of the sound and prominent musical elements. Finally, students are invited to consider the cultural connections that give the music its meaning and life.

Somewhere in the product description it should have made the purchaser aware that the MP3s are ONLY compatible with an actual kindle device (as far as could be assumed, maybe it doesn't work with that either). They will NOT work with the cloud reader, app, etc. I had to purchase the CDs themselves for an additional 40 dollars, although they were suppose to be a package with the book! Not only was this inconvenient but this extra cost was infuriating, as well!

No CD present

It said value pack with CDs. However, when i opened, there was no CD. This is a ripped off. How can I finish my homework now?

The CD pocket is broken.

Customer Beware: The MP3 will not transfer to your Kindle Devices (iPad or iPhone).

No CD's with the book

No CD's provided. Not sure how the free return shipping is supposed to work either.

All ripped up and didn't have the cd that should have come with it
