Customer Reviews

Ashley EvansonÂ lives in San Francisco with her husband and two children.

We bought this book for our 2 1/2 year old son prepping him for our trip to London. He loves the book. It's simple but has great illustrations and teaches about opposites while using fun London landmarks. I would agree that there is some redundancy but my toddler didn't seem to mind.

Thought the photos were severely lacking color and "fun factor" for kids. Boring book not suitable for small children.

I love this enchanting board book and the whole book series. The charming images are simple,bright and bold which are perfect to capture my newborns gaze. This book may be a little simple for an older baby but it's a perfect distraction for my needs.

Bought this for my 2 year old grand daughter for their trip to London. She loved seeing and recognizing things from her book. It was a hit!

Cannot get over how cute this is!

So cute! My 2 year old loves it!

Adorable book of opposites!

Love the concept and illustrations. Wish it would have been a few pages longer; there are only 7 sets of opposites, and "sunny" is used twice, though not in exactly the same way ("sunny/rainy" and "sunny day/starry night"). I like beefy kids books!
