Customer Reviews

This is a great cookbook on Weight Watchers. All of things, tips and recipes about Weight Loss that I need to know are already included and well guided inside. Henry White has done a very good job in compiling and creating this cook book. All of the recipes for breakfast, lunch, and dinner are very healthy, delicious and easy to prepare. This book is a great source for those who want to learn more about Weight Loss recipes. The book is helpful to read and worthy of attention.

I have bought a few cookbooks on this same point before yet in the wake of reading this cookbook and knowing every one of these formulas. The author Henry has introduced every one of the things well ordered and for every formula I discovered cooking guideline and supportive tips. I have understood that it obviously better than each one of those cookbooks that I read before and now I am so satisfied.

I always worry when ordering a cookbook, but I have been very happy with the meals I have prepared as well as my wife. Very easy recipes for anyone to watch what they are eating or just offer ideas in the calorie range was very helpful. Highly recommend for anyone looking to manage calorie intake and pick better choices for a healthy lifestyle.
