Customer Reviews

I really enjoyed this book. It illustrates great places to check out while visiting Amsterdam. I'm glad I bought this book because it tells you about places you wouldn't find otherwise. Amsterdam is a great city to visit especially for creative types. This book is small and easy to carry and is great to accompany your trip to Amsterdam. Another place where I found a lot of creative places to visit in Amsterdam was a blog called 'Design Sponge' they have an article on visiting Amsterdam that shows a lot of unique stores and restaurants to visit.

Actually a really cool book but mine arrived without the plastic wrapping that usually comes around the Citix60 guides and the cover was ripped. This wouldn't be a big deal, but the cover unwraps into the map of the city which I really wanted to put on my wall. Will be returning and purchasing from another seller.

Great places to go that aren't too touristy and it gives you a taste of the more intimate side of the city. A great read.
