Customer Reviews

This is a fantastic series. A must read. I really loved reading this fun and exciting dragon shifter series of love stories. The characters were sexy, fun, and way too exciting. I was on the edge of my seat while reading each book. One minute something would happen and then the next it would all

change. I never knew what was going to happen next. I love it when a book does that to me. You have to read this series because I am not giving anything away because it is just too good to ruin the surprises and fun it holds! These books were well written and detailed so that as you read you could visualize the characters and situations as they happened. You can feel the character's emotions and actually experience them with them. These books are addicting and you will not be able to put them down. They are a must read. I cannot wait for the next step in this amazing series. Yep a spin-off of this series! I know it will be just as fantastic. You WILL tell all your friends about this series of books. I voluntarily read this series as an ARC.

The storyline was believable the characters showed true stability. Wolves are my thing I was just introduced to Bears. They were better than I expected. I enjoyed their story. This author gives a lot of good reading on her dime. Will gladly read her again.

different from what I was thinking. Was slower to read than others I have read. BUT, a good story line.

Wow they were so good I couldn't put them down. Lost a lot of sleep because I had to know how they ended.

**** spoiler alert **** Must read series in order to understand!*****1*****Dakota has always been warned that the dragons are brutal and only care about themselves. Wesley longs for a mate, but knows the chances are slim of finding one. One meddling mother changes both of their lives. Will Dakota be able to see past the rumors to the facts? Will Wes be able to rescue Dakota before it is too late? Good quick read! Loved how determined Dakota was, but she wasn't going to let what people told her go past what she saw. Wes was a complete sweetheart in his need to take care of her and prove her wrong regardless of their relationship status. Definitely cannot wait to see what comes next for the Red Dragons!*****2*****Rhiannon had always been told that her parents were killed by dragons and that dragons should no longer exist. Gareth is known as the wild and hot-headed one. Neither can forget the other, but forces are at work against them. What happens when Rhiannon discovers her true heritage? Will Gareth be able to help her discover her true self? Rhiannon proved that she had more of a conscience than what was required for a GOE agent, but I didn't think she handled her past as badly as she could have. Loved Gareth's unwavering help and how despite what she had done he was determined to help. Good read!*****3*****Desperate to save his clan, Cameron does as asked

and set off to find the Witch of Caernarfon. Gwen has a healthy hatred and fear of dragons due to her past. Neither expected the instant attraction. Will Gwen agree to help? Will Cameron be able to rescue her before it is too late? Good quick shifter read. In book 3, I have to admit I was expecting for Cameron to get hurt by the witch when she discovered the truth, but I loved Gwen's determination to do right regardless of what it cost her. I do think that Cameron once he messed up started to do right when he admitted openly what she was to him. Definitely recommend this series to anyone who is looking for dragon shifters. ***4*** Rhys is given the job to protect Rhiannon when they start to rebuild the Embassy. Farida has been trying to escape the destiny her parents want her to have. Drawn together, but trouble brews. Will Rhys be able to keep her safe when her family comes calling? Will Farida get her happy ever after? Good read. This book showed what the clan was really about in how they handled the losses dealt. Love how Rhys is this tough guy, but he can't help be drawn to Farida. Farida surprised me in how she was raised and how she was determined to stand on her own feet. ***5*** Liana suffered a brutal attack, but is determined to never be weak again. Dane is determined to lead his ragtag group of dragons to the best of his ability. One little girl draws them together. Will Liana give in to the mate bond? Will Dane get closure for his past? I think the biggest change in this series has come from Liana. Before her attack she was bouncy and after she becomes this darker creature. Love how despite Dane's past he was determined to protect and keep his clan together. Great book and great ending to the series!

This is a great collection of stories, I have reviewed each book individually please see below

Mated to the Dragon This was a sweet shifter romance, the plot had an interesting premise and was steady and easy to read, the characters were fun and interesting. The story centered around a dragon shifter trying to win his mate's affection, there was love, action and adventure. Overall a very good book. If you enjoy a shifter romance with a bit of everything to keep you entertained then you will like this book.

Freed by the Dragon This was a great continuation in the series, this story is based around Gareth and Rhiannon, both are on opposite sides of the ongoing conflict it makes for a fun and interesting romance story. This book is well written and fun to read the characters are interesting and it is easy to enjoy both the characters and storyline. If you enjoy a shifter romance with dragons intrigue and excitement then this book is for you.

Seduced by the Dragon This is a great continuation of the series, to try and save their home the red dragons seek the help of a powerful witch. This is a sweet and enjoyable read and I am loving this series. If you enjoy a story with love, intrigue and a good battle or two, I am sure you will enjoy this book.

Falling for the Dragon This is Rhy's and Farida's story and it was great, in this book we meet a new group of dragons, the gold dragons, a

fierce, fire breathing distant cousin but will they be friend or foe. A great continuation to the series with fun and enjoyable characters and an entertaining plot that is a good read throughout. If you enjoy dangerous dragon shifters and a sweet romance then you will enjoy this book. Claimed by the Dragon This Story is the final in the series and is the story of the American dragons leader Dane and Liana, the little Welsh dragon who was badly beaten in book 3, her road to recovery is a long one, will the American Alpha be able to help her find herself again or will she remain guarded and scared of the beast within, If you have enjoyed the previous stories in this series then this is a must read. If you love dragon shifters and the chaos that seems to surround them then this box set is for you. I received a copy of this book and voluntarily chose to review.
