A Writer's Reference With Exercises With 2016 MLA Update

Synopsis

THIS TITLE HAS BEEN UPDATED TO REFLECT THE 2016 MLA UPDATES! Our editorial team has updated this text based on content from The MLA Handbook, 8th Edition. Browse our catalog or contact your representative for a full listing of updated titles and packages, or to request a custom ISBN. Our best-selling classic tabbed handbook is available in a version that conveniently includes nearly one hundred integrated exercise sets for plenty of practice with the grammar, style, punctuation, and mechanics topics offered in the handbook. The answers to some items appear in the back of the book.

Customer Reviews

Diana Hacker personally class-tested her handbooks with nearly four thousand students over thirty-five years at Prince George's Community College in Maryland, where she was a member of the English faculty. Hacker handbooks, built on innovation and on a keen understanding of the challenges facing student writers, are the most widely adopted in America. Hacker handbooks, all published by Bedford/St. Martin's, include The Bedford Handbook, Ninth Edition (2014); A Writer's Reference, Eighth Edition (2015); Rules for Writers, Seventh Edition (2012); and A Pocket Style Manual, Seventh Edition (2015). Nancy Sommers, who has taught composition and directed composition programs for thirty years, now teaches writing and mentors new writing teachers at Harvard's Graduate School of Education. She led Harvard's Expository Writing Program for twenty years, directing the first-year writing program and establishing Harvard's WAC program. A two-time

Braddock Award winner, Sommers is well known for her research and publications on student writing. Her articles "Revision Strategies of Student and Experienced Writers" and "Responding to Student Writing" are two of the most widely read and anthologized articles in the field of composition. Her recent work involves a longitudinal study of college writing to understand the role writing plays in undergraduate education. Sommers is the lead author on Hacker handbooks, all published by Bedford/St. Martin's, and is coauthor of *Fields of Reading*, Ninth Edition (2010)."

good condition needed it for college

My daughter said it helped

I got this book because I need it for my English class but the spiral seems to small or tight on the pages and I feel like if I turn a page that it will rip

This is a great and modern source for guidelines for MLA. An invaluable resource for college papers, I'd recommend this to anyone high school level or above. Everything is presented clearly and indexed thoroughly.

I can't really review the book, as once again, I have paid for a book at college that was not used in class. I did access the book, and it works well and is worth the money to rent electronically,

This was a gift to someone ,that has stated that it was helpful in writing an essay soon after receiving it .

Great but hard to keep up with updates have to get one every semester professors want newest edition

Great book! My class begins in January so I will know better how the book works.
