Small Animal ECGs: An Introductory Guide

Synopsis

Small Animal ECGs: An Introductory Guide provides all the information veterinarians need when using electrocardiography techniques for the first time. An ideal introduction to veterinary electrocardiography written in a very easy to understand way, for what can be a daunting subject. The author is RCVS Recognised Specialist in Veterinary Cardiology and regularly speaks on this subject. Full of examples of colour ECG tracings, as well as colour illustrations to explain arrhythmias. Covers techniques that can readily be used in first opinion small animal practice. Includes new chapters on mechanisms of supraventricular arrhythmias, accelerated idioventricular rhythm and use of Holters.

Book Information

Paperback: 176 pages

Publisher: Wiley-Blackwell; 3 edition (October 12, 2015)

Language: English

ISBN-10: 1118409736

ISBN-13: 978-1118409732

Customer Reviews

"Overall, this book does an excellent job of describing the most common arrhythmias encountered, with easy-to-follow key points highlighted. It is an excellent guide for readers interested in gaining a basic understanding of how to read ECGs and treat patients with arrhythmias." (Journal of the American Veterinary Medical Association, 15 June 2016)

I think the book is clear and logical and much loved by the students. Dr. Joanna Dukes-McEwan BVMS, MVM, PhD, DVC, DipECVIM-CA(Cardiology), MRCVS Senior Lecturer in Veterinary Cardiology, University of Liverpool. I think it would be difficult to improve the book, in that it does well what it sets out to do. Dr. Paul Wotton BVSc, PhD, DVC, MRCVS Honorary Clinical Fellow,

Small Animal Hospital, School of Veterinary Medicine, University of Glasgow I have to say I love this book! It manages to simplify the basics of electrocardiography with clear diagrams and concise writing. Yolanda Martinez Pereira LdaVet CertVC DipECVIM-CA (Cardiology) MRCVS Lecturer in Veterinary Cardiology, Hospital for Small Animals, University of Edinburgh Overall I think this is a great book for GPs and keeping it simple is key. Stephen Collins BVetMed DVC MRCVS RCVS Specialist in Veterinary Cardiology, Southern Counties Veterinary Specialists, Hampshire
