Customer Reviews

Good read. Very informative for anyone that really wants to learn how to rap.

Has a limited amount of good info and tips. Takes about 30-60 min to read completely. Nice starting point for total first timers. Could use some more information about actually constructing rhymes easily. Ex. parallel structure, using multis, repeating common phrases, etc

This book was very helpful for me. I was struggling to understand the processes of writing music. This book explains the process perfectly.

it's free! great! Â Â Â•
