Customer Reviews

The best left-handed method book I've found so far. I've learned a lot from it. It covers everything you need to know to get started.

Grand daughter loves it

Shipped fast. Exactly what it said it was. No complaints.

Not very good

Good Instructional but a little confusing to read for the non-musician. It could use some more explanation on the tuning, holding, and finger placement section.

Its pretty good. I like that it comes with the CD so you know how it is supposed to sound like when you are playing it. Its nice that its a book specifically for left hand people.

Nice uke a fair price
