Slavery, Childhood, And Abolition In Jamaica, 1788â€“1838 (Early American Places Ser.)

Synopsis

This study examines childhood and slavery in Jamaica from the onset of improved conditions for the island's slaves to the end of all forced or coerced labor throughout the British Caribbean. As Colleen A. Vasconcellos discusses the nature of child development in the plantation complex, she looks at how both colonial Jamaican society and the slave community conceived childhood and how those ideas changed as the abolitionist movement gained power, the fortunes of planters rose and fell, and the nature of work on Jamaica's estates evolved from slavery to apprenticeship to free labor. Vasconcellos explores the experiences of enslaved children through the lenses of family, resistance, race, status, culture, education, and freedom. In the half-century covered by her study, Jamaican planters alternately saw enslaved children as burdens or investments. At the same time, the childhood experience was shaped by the ethnically, linguistically, and culturally diverse slave community. Vasconcellos adds detail and meaning to these tensions by looking, for instance, at enslaved children of color, legally termed mulattos, who had unique ties to both slave and planter families. In addition, she shows how traditions, beliefs, and practices within the slave community undermined planters' efforts to ensure a compliant workforce by instilling Christian values in enslaved children. These are just a few of the ways that Vasconcellos reveals an overlooked childhood—one that was often defined by Jamaican planters but always contested and redefined by the slaves themselves.

Book Information

Series: Early American Places Ser.

Paperback: 176 pages

Publisher: University of Georgia Press; 1st Ed. edition (May 15, 2015)

Language: English

ISBN-10: 0820348058

ISBN-13: 978-0820348056

Product Dimensions: 6 x 0.6 x 8.9 inches

Shipping Weight: 9.6 ounces (View shipping rates and policies)

Customer Reviews

Colleen Vasconcellos's exploration of the shifting experiences of enslaved children, the most vulnerable section of the plantation population, manages to illuminate ways that successive 'reforms' impacted their lives. She offers a plantation-level perspective on the changing repercussions for individual enslaved households of the successive reform efforts, running from the first questioning of slavery in the mid-eighteenth century, through efforts to legislate reforms via individual colonial legislatures, to the colonial repercussions of the ending of the transatlantic trade in enslaved Africans, and then on to the transition from emancipation to "Full Free." (James Robertson, department of history and archaeology, The University of West Indies, Mona) Slavery, Childhood, and Abolition in Jamaica adds considerably to our understanding of how amelioration altered the actions of slave owners in fundamental ways. Vasconcellos has a number of fresh ideas on the significance of childhood as a political and, to an extent, a social issue in the transition from slavery to freedom in eighteenth- and nineteenth-century Jamaica. (Trevor Burnard author of Creole Gentlemen: The Maryland Elite, 1691-1776) Well researched and elegantly written, Colleen Vasconcellos's Slavery, Childhood and Abolition in Jamaica broadens Atlantic discussions of childhood by providing insights into the political, socioeconomic, and cultural factors that shaped enslaved children in the British Caribbean. (Shani Roper Journal of the History of Childhood and Youth)

New insights into how enslaved children were used, abused, and conceptualized during a pivotal period of African diasporic history
