When to visit For many visitors, Antigua's leading attraction is its tropical climate: hot and sunny all year round. The weather is at its best from mid-December to mid-April, with rainfall low and the heat tempered by cooling trade winds. Things can get noticeably hotter during the summer and, particularly in September and October, the humidity can become oppressive. September is

also the most threatening month of the annual hurricane season, which runs officially from June 1 to October 31.
