Good book. Same diet he has shown on the extreme weight loss show. I personally found it very difficult to follow but the book has tons of great ideas and lots of reasons to stay motivated!

It works, it's easy to stick to and it feels great!

This would be much better in print copy Best to go back and forth, exercises, meal planning, menu, shopping list etc...

Written in a simple to follow format. I have read several weight loss books that have had impossible recipes or guidelines for a 'normal person' to follow, and this one seems to be written for the everyday person in mind. With recipes and ingredients that everyone will be able to get, a 7 day diet regimen to follow, and an exercise plan that starts off attainable, this is not overwhelming at all. Finally something written for normal people in mind!

Love Chris & Heidi Powell, good info and easy to follow guide.

I have been eating this diet for 6 days and have lost 4lbs already and that is without exercise! I have Plantar Faciitis and am not able to exercise right now. This really works!!!!

I was inspired to buy his book after watching Extreme Makeover: Weight Loss Edition. I started following the eating plan about a month ago and I've lost 8 lbs! I haven't started the exercises yet,

but I am busy chasing around 4 young kiddos. I needed to get the eating plan ingrained in my head before adding something else :) I am so happy I bought the book and recommend it to everyone!!

This carb cycling plan has turned out to be the best diet and ultimately life plan for eating that I have ever encountered. First, it's easy for me and I feel assured that I can continue the maintenance phase for the rest of my life. Second, and very importantly, it is working well. In two weeks I've lost 7 pounds and 3 inches from my waist starting at 223 pounds and a 46" waist.
