One of my child's favorite books. It introduces music and instruments in a fun way. My child has not tired after at least 100 readings of this book. I will also say it is quite durable as she has knocked it from the table many times and it is still playing. I have purchased many more as gifts. All the Noisy books by Usborne are good but this one is still my favorite and my child's.

My 2-year old son loves this book...and so do I. My wife and I are musicians and it's nice to find a book that covers all of the instruments in the orchestra in a respectable way. We bought two extra copies to give to friends with kids similar aged.

Delightful! My two year old granddaughter loves this as well as the companion books. Names all the

animals and instruments. And, the tune is something we all enjoy even when it is played over and over with love.

lots of fun for my toddler!

My 11 months old absolutely loves this book. The music is nice and soft, and the story is very cute too. I would definitely purchase this book for any family/ friend(s) with children under 3

I sent this as a gift. When I saw it I was very pleased. It is a sturdy book. The instrument sounds are quite realistic. I would recommend it.

One of my children's favorites!

I like this book. Lovely melody. Easy to push buttons. My 18 mo loves it! She even sings and dances.
