Classical Music Stories

Synopsis

Classical Music Stories innovatively introduces elementary-age students to the fascinating world of classical music. This resource comprises twenty sections, each featuring a different piece of music. By concentrating on the narrative qualities of the classical music stories, the incredible world of classical music leaps to life! Teachers can also use the cross-curricular approach in this book to introduce subjects as varied as social studies, history, art, creative writing, math, and science. Biographies of the composers highlight the sections, followed by a variety of suggestions, activities, or reproducible worksheets. This is a wonderful way to incorporate music education into your classroom.

Grade Level: 1 - 5

Customer Reviews

Good book. Although I won't use all of the ideas just as they are written, they have inspired me to build on each one and adapt it to my students.

My kids are very musical and especially enjoy and appreciate classical music. This is a fun and enjoyable way to add culture, history of the arts and the magic of classical music into their world. I homeschool my kids, and we have enjoyed several activities from this book for our music appreciation segment ... I think it is a good buy for your activity library at home.

I am a middle school French/World Language teacher. Our 6th grade program allows our students to "sample" languages from across the globe: French, German, Spanish, Russian, Japanese, Arabic, and Hebrew. Part of our curriculum is also to highlight the history and culture of the countries that speak those languages. Music is part of culture and to introduce composers and their music, this book is ideal. Thanks so much!
