Synopsis

The first time I met Caine West was in a bar. He noticed me looking his way and mistakenly read my scowling as checking him out. When he attempted to talk to me, I set him straight - telling him what I thought of his lying, cheating, egomaniacal ass. You see, the gorgeous jerk had wined and dined my best friend-smooth talking her into his bed, all along failing to mention that he was married. He deserved every bit of my tongue-lashing and more for what he'd done. Especially when that lazy smile graced his perfect face in response to my rant. Only it turned out, the man I'd just told off wasn't the right guy. Oops. My mistake. Embarrassed, I slunk out without an apology. I was never going to see the handsome stranger again anyway, right? That's what I thought...until I walked into class the next morning. Well, hello Professor West, I'm your new teaching assistant. I'll be working under you...figuratively speaking. Although the literal interpretation might not be such a bad thing working under Professor West. This was going to be interesting.

Book Information

Audible Audio Edition

Listening Length: 7 hours and 43 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: C. Scott Publishing Corp.

Audible.com Release Date: July 20, 2017

ASIN: B073WJLX1C

Best Sellers Rank: #13 in Books > Audible Audiobooks > Romance > Contemporary #125 in Books > Romance > New Adult & College #149 in Books > Audible Audiobooks > Fiction & Literature

Customer Reviews

Well let me start by saying this book was AMAZING!!! Vi Keeland knows how to give her a readers a fabulous 5 star read. It was so not what I was expecting to be. After reading the blurb I thought this book was going to be a fun and entertaining student/teacher romance story. And it was all that, but it was so much more!!! This story was so much deeper and more emotional than I thought it would be going in. I should know by now not to underestimate a Vi Keeland book. This woman definitely knows how to put my emotions and heart through the wringer. This has to be one of my favorite

books of hers so far, and I have loved every book of hers that I have read. Her stories are fun, sexy, entertaining but also heartfelt and emotionally charged. You can't help but fall in love with all the characters she gives us. I think this is one of the only books where I haven't hated someone the author introduced us to. All of the secondary characters were great and added to the story in some way. Her stories always suck me in and I devour them in less than a day and this book was no different. The flow and pace of the story was spot on. I loved that this story was filled with a lot of outside drama. The focus was primarily on Caine and Rachel. Their love story was intriguing enough that it kept me enthralled and turning the pages (quickly). *Beautiful Mistake* is a standalone novel told from primarily Rachel's POV but we do get some chapters from Caine's. The way this story was told and unfolded I thought was perfect. It held a little bit of suspense, but was also kind of predictable, but it was never boring!! This story followed the journey of Rachel and Caine. I don't want to say too much about their story because this is a book that each reader needs to unfold themselves. I loved the banter between Caine and Rachel and the sexual tension was kindle melting, but when they got together holy explosion!!! HOT!!!! So if you are a fan of the forbidden student/teacher romance but also want a story with heart and emotion, then give this book a try. This was a more than a love story, it was a story about forgiveness and moving on. If you are a fan of Vi Keeland's you don't want to miss this newest addition to her fantastic collection. If she is a new author to you pick up this gem, you won't be sorry!!!!

"Find a penny, pick it up, and all day long you'll have good luck." I'm not even going to attempt to do justice to this cleverly laid out tour de force. And I'm not going to spoil another reader's enjoyment by divulging too much info either. Suffice to say, I loved every minute I spent between the covers of Vi Keeland's latest smexy contemporary romance. HOLY WOW! Vi Keeland never ceases to amaze me with her stories. Her books make you fall in love with reading over and over again. This author has become one of my top favorites and I look forward to each new book she releases. Simply music to my soul. Each word was a beautiful note on a musical scale written for a song of love that was meant to be. In a twist of fate, the past and present crisscross and the future may depend on a copper penny or two and a few Hail Marys. "*Beautiful Mistake*" felt a bit more serious in nature than some of Keeland's other books but I was mesmerized by its subject matter and the two main characters. With each new chord, I was totally captured and let the rhythm take full control until the last note played. As with this author's other trademark leading men, Caine is another top-notch, heart-stealing hero. I've

yet to meet one of her male protagonists that I haven't fallen head-over-heels for. " but Professor Caine West might be top of the list at this point. His "angelic" bad boy persona was a heavenly delight for me. He's so much more than a pretty face and ripped body. Professor West is a man with many sides. And Rachel Martin was his match. She makes her presence known even when she's tardy and that's often. She's feisty and funny, tells it like she sees it, and throws sass like a pro (and nobody writes sassy dialogue better than VK). Rachel's strength has gotten her to where she is today. Together they are DY-NA-MITE! The chemistry is searing and explosive. Sex is plentiful and both enjoy a down and dirty romp. But the bedroom scenes (or anywhere else these two choose) play second fiddle to the overall relationship that is powerful and moving, intimate and meaningful. Interwoven throughout is a diverse range of secondary characters that bolsters the depth and strength of the story without overshadowing the main event. Told from both viewpoints in first person, Caine and Rachel share their story reflecting glimpses of both past and present. No worries about cliffhangers or continuing storyline, "Beautiful Mistake" is a standalone novel. Give yourself a reading treat and prepare to be wowed!

Vi Keeland never ceases to amaze me. Beautiful Mistake was simply unputdownable, addictive with unexpected twists and turns that kept me glued to the book until the very last page. I just love when I read a book and it is just something totally different to what I was expecting in the best kind of way. Vi is one of my favorite authors so I always know reading her books is always going to be a wonderful experience but she always surprises me taking me to the unexpected. I always go in thinking the hero is this way and and finishing the book with a total turn of events. And Professor Caine West was just one beautiful surprise after another. I loved peeling the layers and getting to know this amazing man with all the qualities I love in a hero. Rachel and Caine meet in a case of mistaken identity but in that meeting I could already feel all the chemistry I needed to just turn those pages at fast speed to find out what was going to happen next. And oh my God, my heart melted, I swooned, I laughed, I cried, I just love, love, love the experience of what is reading a book by Vi Keeland.

Wowwww amazing! She's keeps getting better by each book! It was sweet, funny, heartbreaking, beautiful well written, very addictive, sexy loved everything from cover till the last page! So goodddd! Loved the banter between Caine and Rachel! Lovelovelove Caine....sigh...and that twist ooooh so good ! That epilogue..... she's now one of my favorite authors!!!!!! Can't wait for more books of

her!!!!!!

Truly one of the best books I have EVER read. Vi Keeland always manages to create these beautiful stories that stay with you, and I know I'll always have this story in my heart. I absolutely loved it.
