Nudging Conversions: A Practical Guide To Bringing Those You Love Back To The Church

Synopsis

We all know someone - a parent, sibling, aunt or uncle, coworker, grandparent, child, neighbor, or friend who has either left the Church or never discovered it. We want them to know the joy and peace we've discovered, but the last thing we want to do is to force our faith on them. So how can we bring our loved ones back to the Church? Jesus was the first and greatest evangelizer. As his disciples, we're called to share in his mission to spread his message to others. But going outside your comfort zone to engage the disengaged in meaningful conversations about Catholicism can be overwhelming. Fortunately there are common patterns that are easy to follow once you recognize them. In *Nudging Conversions*, Carrie Gress unveils those common patterns and offers a practical roadmap for reaching out to friends and family. You'll learn the art of asking questions, when to speak and when to keep quiet, basic tools for talking to others about Jesus, how to answer questions about the faith, and more. Conversion doesn't happen overnight, sometimes all it takes is a little nudge.

The splendor, beauty, and freedom of the Catholic faith is something our culture longs for. Joy and truth go a long way in a world that has tried everything yet feels empty. Carrie Gress shows us that the beauty of Catholicism often only needs to be nudged for those searching. God works through small and simple things and he wants to work through you to bring others closer to Him. *Nudging Conversions* is a must read for anyone who wants to joyfully share their Catholic faith in a culture

seeking love in all the wrong places. --Shawn Carney: Co-Founder of 40 Days for Life, and Co-Author of 40 Days for Life: Discover What God Has Done...Imagine What He Can DoDr. Gress urges us to realize that evangelization (bringing others to the love of Jesus Christ) doesn't happen in a vacuum. It takes real people of real faith to reach out to that hurting person in the coffee shop, that disenfranchised teenager in our own family. Recognizing the challenges we face today in putting our faith into action, Gress offers a real roadmap to take the reader from inspiration to practical application of the deposit of faith. Nudging Conversions offers suggestions which can make a tangible difference not only for the hopeful evangelist but for those engaged actively in ministry today. --Dr. Christine A. Mugridge: Author of Called by Name, contributor to Relevant Radio, Immaculate Heart Radio/EWTN, research specialist on St. John Paul II's theology of communication. Carrie Gress has written a marvelous book, a book full of practical assistance, of wisdom, of love. No Christian is ever fully fulfilled until she brings others around her back into the arms of Christ. Bringing the gospel to others, especially those near us, is our vocation.... Millions of Catholics at MassÂ ache with passionate prayers that children, uncles, and close friends of theirs come 'back home' to a loving Father. Prayers storm heaven every day pleading for that toÂ happen. But for God to act, WE have to be his gentle hand upon the back,Â speaking tongue, embracing arm. We have to give our dear ones a nudge.Â If each of the 45 million Catholic adults during their allotted years of life nudge even two of their dearest ones back to our Father, that would mean an immense increase in those rejoicing together again in the deepest of all loves. Carrie gives scores of practical tips on how to let the Lord give that nudge through you. --Michael Novak: Author, philosopher, theologian, diplomat --This text refers to the Hardcover edition.

Carrie Gress has a doctorate in philosophy from the Catholic University of America and was the Rome bureau chief of Zenit's English edition. Reading it for a second time to learn even more.

very insightful Excellent for those in need

Not much new here but a good place to start.

This is a helpful, practical guide to advancing the work of evangelism in a subtle, winsome, mostly unobtrusive or completely unobtrusive (prayer) sort of way. Conversion is God's work and that is noted here. Prayers for the conversion of others are sort of automatic in the Christian who truly loves and cares for others. There is wisdom expressed here that includes guiding relationships and conversations to a deeper level. Overall, this is a short but worthwhile book but rewards the careful reader with thoughtful, accurate analysis and insights on evangelism, conversion, prayer, Scripture, culture, conversation, relationships, more.

My confirmation sponsor gave me this book back in the fall, and I finally read it over a family vacation during the Advent season. While it was likely written to nudge others towards the Catholic faith and tradition, it directed me back to my own spiritual life. The included short references to others' stories are both comforting and relatable. It will long remain both on my shelf and on my list of books to give to friends.

This book shares very good insight in being an apostle. How to evangelize effectively, especially loved ones, in a respectful and positive way. Consider the role each member of Christ's body plays and make sure you are following the promptings of the Spirit, not leading.

A very well written, thoughtful, and insightful work for those concerned about Heaven, eternity, loved ones, all people of goodwill, and a faith life of substance.

LOVED IT! A fun and inspiring read! Great tips on how to lovingly nudge those you love back into grace and the fulness of the truth! ;)
