Customer Reviews

Evans conceived this book several years ago when she was hosting a cultural-theme wedding shower and looking for information. Readers will recognize many of the ideas here as bridal shower standards with a slight African or African American twist. For example, a Jeopardy-like wedding trivia game asks questions about crossing sticks and jumping the broom, two Afrocentric traditions. Carrying out the theme, the author even suggests game prizes such as certificates to black-owned restaurants or a video featuring black actors. Menu, gift, and music ideas are provided, too, along with resource lists. Though some general bridal shower books and African American wedding books might present a few similar ideas on such a cultural-theme shower, a title devoted to the topic is sure to be a hit with patrons. Recommended where demand warrants. Copyright 2001 Reed Business Information, Inc.

Very short, small book, but packed with a wealth of knowledge. Great ideas for various on typical showers like a soul found pot luck shower. Good list of games. I was able to find a nice list of R & B love songs (which I could not find in any other shower book) and things like that. Author does tend to put an emphasize on kwanzaa, which can either be an interesting spin on the holiday (if say the bride to be has applied to the principals to her everyday live and most of the guest understand

them), but can be a little confusing if you don't understand the meaning. I would recommend this book for anyone looking for rich, cultural ideas to add or created for thier shower

This small book fills a large void. Ms. Evans' book is the first of its kind aimed at the African American Bride preparing for her wedding. The book has ideas to create unique and fun pre-wedding celebrations. I am excited for Ms. Evans as the first to fill this void so elegantly.

I discovered this book by accident and absolutely enjoyed it! Although geared mainly towards African-Americans, this book is perfect and long-overdue for any culture-based bridal shower. I loved the detailed planning ideas the book offers. This is definitely a treasure! We want more!!!
