Customer Reviews

This guide was disappointing for me as a business traveler. I suppose it would be fine for a tourist visiting the larger cities, but I traveled to a bunch of places in the interior of Bahia and there was next to zero information about places to stay and eat. This was not necessarily a fault of the guide as Brazil was such a large country. It just was not useful to me.

Excelent quick guide. I like the hints with history or places to visit.An update of some information would be fine.

God bless Lonely Planet !!! The best Guide and dictionary!!! If you want to go to any place in Brazil

Great information, details and tips. Very helpful for the ones like me, who are planning to go to Rio's Carnaval! The guide arrived before the estimated time.
