This is one of a series of fun books put out by Papeterie Bleu. If you love tacos, you need this book! There are 35 illustrations that feature a quote about tacos, along with fun backgrounds that range from very detailed, to just-detailed-enough. Some quotes are: "Live everyday like it's taco Tuesday", "Make tacos not war", and my favorite, "Don't trust people that dislike tacos. They're probably not human." Yes, I love tacos! The paper is medium weight and there was a little bleed through when I used alcohol markers (for the hand in the example) but otherwise none. And the back of each page is black, so no worries about losing an image on the backside! Also the paper has a bit of 'tooth' to it, so if you're using colored pencils I think they will glide nicely. All images stop before the spine so you can tear or cut out for framing. The book is tightly bound but you can get a good 'spine bend' so the book will lay flat for coloring. I think this would be a fun book for taco night! Tear out some pages and pass around while noshing on tacos and...wine.

I have received a copy of this book for free to sample and give my honest review..... and this is one of the best coloring books ever! Besides the fact that I am a tacoaholic, my friends, family and I are always talking about tacos, and taco Tuesdays. The illustrations and sayings are hilarious, I haven't found a one that I didn't like in this book. When I showed the book to my friends and family they also fell in love with it. The pages are all one sided, so you don't have to pick a side to color and worry that the colors from one side would show through to another. I do recommend if you plan to color the pages with markers, to put a piece of paper between the page you are coloring and the next, so there isn't a chance it could bleed through to the next page. I will be having a lot of fun coloring this book, and anyone else that is a taco lover will to.

If you love tacos this is definitely a coloring book for you! Each picture has a fun, humorous quote about tacos and the pictures range from very detailed to easy to color. There is only one picture per page and the back of each page is black. No worries about losing a picture on the backside. The pages are not perforated but the pictures do not go all the way to the edge so you can cut or tear them out for sharing or framing. I had no issues with bleed through when using gel pens or fineliner markers but my alcohol marker did bleed through. I would recommend placing a bleeder sheet in between pages to prevent ruining the underneath picture. When using my prismacolor and Marco

Raffine pencils they just glide across the paper coloring nice and smooth. I was able to easily blend colors with no issues using a blender pencil. This is such a fun book and would be great at a dinner party on taco night. I shared my book at my coloring club and we made it a taco themed day. All of us brought something related to tacos and we had a blast. " You had me at TACOS"!

I love it!!! Beautiful designs, funny sayings. It is a very lighthearted book that will relieve the stress from any day. It will take you right out of a stressful moment and place you in a lighthearted place. I have had so much fun with this book. I would def recommend for purchase.

Love this coloring book! Super cute and funny. Definitely helps you relax and puts you in a better mood. Highly recommend for those who love tacos and coloring!
