Customer Reviews

New to the Louisville area, this read will be a great help. Want to strike out on your own this is a must. The only fall back is this book needs a new release. enjoy!!!!

This book has interesting historical and neighborhood information, and it gives ideas for fun routes. However, it has so many mistakes in the maps or directions that it is frustrating to impossible to complete some of the routes without running them through a GPS beforehand. There are some roads that are left out, have multiple or different names, or turns that just don't exist. It would not be a good idea to go out with only the routes in this book as a guide due the high probability of getting lost.
