Calculus - Standalone Book

Synopsis

NOTE : This book is standalone book and will not include access code. The most successful calculus book of its generation, Jon Rogawski's Calculus offers an ideal balance of formal precision and dedicated conceptual focus, helping students build strong computational skills while continually reinforcing the relevance of calculus to their future studies and their lives. Guided by new author Colin Adams, the new edition stays true to the late Jon Rogawski's refreshing and highly effective approach, while drawing on extensive instructor and student feedback, and Adams' three decades as a calculus teacher and author of math books for general audiences. W. H. Freeman/Macmillan and WebAssign have partnered to deliver WebAssign Premium – a comprehensive and flexible suite of resources for your calculus course. Combining the most widely used online homework platform with the authoritative and interactive content from the textbook, WebAssign Premium extends and enhances the classroom experience for instructors and students.

Book Information

Hardcover: 1150 pages

Publisher: W. H. Freeman; 3 edition (January 30, 2015)

Language: English

ISBN-10: 1464125260

ISBN-13: 978-1464125263

Product Dimensions: 8.8 x 1.6 x 11.3 inches

Shipping Weight: 5.2 pounds (View shipping rates and policies)

Average Customer Review: 3.9 out of 5 stars 12 customer reviews

Best Sellers Rank: #19,010 in Books (See Top 100 in Books) #63 in Books > Textbooks > Science & Mathematics > Mathematics > Calculus #74 in Books > Science & Math > Mathematics > Pure Mathematics > Calculus

Customer Reviews

Cornell University uses this textbook for Single and Multi-Variable Calculus! The book teaches the concept well (I can study just with this if I wanted to) Rent it for the semester if you're in college, since it's much cheaper that way!

Examples are mostly clear and this edition covers a very broad amount of calculus with the right professor this book can seem great. Good condition for a rental.

Excellent standard textbook.

Very nice!!

The book was in great condition and came at a great price for a college textbook.

I is really a goos one even thought it was used.

College textbook, expensive and good

I received the book as brand new!
