Why doesn't a Mexican elk have many friends? It's very ante-social (ante = elk) And that's how this spicy little book makes learning Spanish as fun as a pun--by introducing new Spanish words with jokes, quips, and muy risas (lots of laughs). Language innovator Sue Fenton knows it's a lot easier to remember something when it brings a smile (or even a groan)--go with boring vocabulary flashcards if you want a siesta (zzz) or try this book and guarantee a fiesta (ole!). Say "adios" to boring lessons and "hola" to fun learning: What is a Latin American woodpecker's favorite soda? Cuco-cola (cuco = woodpecker) Where did Spanish surrealist artists get their cold cuts and cheese? At the Salvador Deli (Salvador Dalí = Spanish surrealist painter) How did Luke Skywalker and his Star Wars friends celebrate the Jedi master's birthday? With a Pin-Yoda (piñata)

Sue Fenton has been teaching Spanish and French for more than twenty years. She has also written twenty books for foreign-language teachers and developed innovative and engaging ways to

learn language.

If I were the author of this book, I wouldn't put my name on it. When the description said, "groan worthy" they really meant it. 500 puns guaranteed to drive you across the Rio Groan-de! is one of the better ones. I bought this book as a gift for my Spanish teacher, but I think I'll give it to my waste basket instead.
