The Meatball Shop Cookbook

Synopsis

The Meatball Shop has quickly grown into a New York City dining destination. Food lovers from around the city and beyond are heading down to Manhattan's Lower East Side for a taste of this breakout comfort food phenomenon. In this fun and satisfying cookbook, chef Daniel Holzman and general manager Michael "Meatball Mike" Chernow open up their vault of secrets and share nearly 100 recipes—from such tried-and-true favorites as traditional Bolognese Meatballs and Mediterranean Lamb Balls to more adventurous creations like their spicy Mini-Buffalo Chicken Balls and Jambalaya Balls. Accompanying the more than twenty meatball variations are recipes for close to a dozen delectable sauces, offering endless options to mix and match: from Spicy Meat to Parmesan Cream to Mango Raisin Chutney. And what would a meatball meal be without succulent sides and simple salads to round out the menu: Creamy Polenta, Honey Roasted Carrots, and Marinated Grilled Eggplant, just to name a few. You'll also find helpful tips on everything from choosing the best cuts of meat to creating the perfect breadcrumbs to building the ultimate hero sandwich. There may not be a Meatball Shop near you yet—but there's a meatball for everyone (and lots more) in this crowd-pleasing cookbook that will have them lining up outside your kitchen.

Spicy Pork Meatballs

“This cookbook, based on Michael and Daniel’s successful Meatball Shop restaurant, is comforting and full of life. Written in an easygoing voice that is fun and inspiring, it reflects America’s love affair with meatballs and now makes them accessible to everyone.” —Scott Conant, chef and owner of Scarpetta restaurants, TV personality
“Daniel and Michael have built a business that is truly special, and this book is an accurate reflection of the kind of guys they are. Finally a book about balls written by two guys who have a big enough pair to impress even me.” —Andrew Zimmern, chef, author, and host of Travel Channel’s Bizarre Foods

This is so much better than I expected. There are all kinds of meatball recipes. These are the same meatballs that are served in their restaurants and even include a vegetarian version. Then there are sides, go-withs, sauces, salads and even desserts! The recipes are designed for the home cook and can be prepared and served right away or they suggest how they can be frozen and reheated. We are not talking gargantuan quantities here but, most of the recipes can easily be multiplied. The photos and illustrations are wonderful, too. The desserts are all cookies that are used to make ice cream sandwiches. This one’s definitely a keeper for me.

Fabulous book! I’ve made three recipes so far (buffalo chicken, spicy pork and tandoori lamb) and all were extremely delicious! And the sauces . . . yummy! The directions are simple to follow and pictures are a nice touch. I’ve been to the Meatball Shop with my husband and daughter and we all had fun eating as many different selections as possible. Now I’m making them for my family and friends and continuing the good times! If you like meatballs . . . buy this book! If you don’t like meatballs . . . you’re crazy, buy this book and make some GREAT meatballs!

I love the Meatball Shop in Williamsburg, Brooklyn and took my family there every time they visited. As Californians, they of course craved the meatball deliciousness from the opposite coast. For my sister’s birthday, I discovered The Meatball Shop Cookbook and immediately sent it as her gift. She loves it! My family had Meatball Shop nights and apparently the white sauce recipe is so successful that it has been declared a universal sauce for use in all sandwich, pasta, and sundry food dishes as it can be applied to. Huge success!

I had seen the guys on Food Network and was amazed at variety of such yummy-looking meatballs

they came up with. Then by chance I found out they had their own cookbook. I have tried several recipes already and hands-down these are the tastiest meatballs I have ever made! Recipes are well written and easy to follow. Love that they have photos for each so that you can see just how yummy they turn out. You have got to try these recipes. I promise you will not regret it and soon your family and friends will be saying that you are an expert cook!

This is the best cookbook on the planet. Living in NYC, I always recommend TMS as somewhere really cool and local to go, with food that everyone will love. I have a lot of food allergies, and I can eat almost everything there. When I found out the owners had done this book, I immediately got it for my brother so that he can bring NYC to his friends in the south! The recipes are extremely easy to follow, and make gracious servings. My favorite is the crab meat balls! But really, you can't go wrong. You will not be disappointed with this cookbook, and there is truly food for any situation included!!

I found a recipe for their Classic Beef Meatballs in a cooking magazine. It was the best meatball I have ever had and not even close!!! I had to have the book after that. I agree it is expensive but it has a number of innovative types of meatballs with completely different recipes. Highly recommended.

The Meatball Shop CookbookÂ One of the best cook books I've purchased. Very simply and un-complicated recipes. I will be giving these away for Christmas gifts this year. I urge you to purchase the book! Yummy!!

My daughter took us to the restaurant when we visited her in the city in April. It was really good. Our visit with her was great, however, and I decided to buy the cookbook when we got home as a sort of memento. The first thing I made was the recipe for roasted carrots because I liked them so much in the restaurant. They are great. Just great. But everything I've made out of this book is great! Tonight I made Drunken Pork Balls, with the carrots, of course, cilantro yogurt sauce, and the arugula and apple salad. It was an amazing dinner. The apple cider vinaigrette is great and I will make it all the time. The Drunken Balls were perfect. It's just a great book. It's full of super recipes that are really fun to mix and match. I'm going to buy a few copies to have around to give as gifts. Tomorrow I'm making the roasted fennel!
