## **Customer Reviews**

Excellent story! Great read. Kept me hooked. Great read for young adults and adults. Clean! No inappropriate situations or language. Highly recommend.

The General by Emma CarrieThe Tacket Secret Series Book SevenJessie Tacket had been doing her best to stay off the general's radar. The man who murdered her parents and took her as a child. He had made her his weapon. Now at fourteen, she has been free of him for several years.Unfortunately her new guardian— and adoptive mother— Vick Tacket, has tried to find the general. Vick just didn't understand that only a weapon like Jessie can stop him. Now Vick and another officer have gone missing, along with that officer's daughter. And only one person can save them. Jessie. As a new Christian though, can she truly kill the general?The saga continues. I really enjoy this series. They are short stories that have pulled me and kept a steady pace. Each book continues from the previous one.

The finale was so so good. The action and emotions were off the chart as Jessie and her guardian/Mom, Vic, bond over the worst thing that could happen. Cue the General. This series did not disappoint, perfect for teens and adults. I loved that Jessie wrestled with some basic Christian principles but it was in no way preachy. The ending was satisfying but I could see Jessie and Vic returning with new adventures. At least I hope so :).

I usually read dystopian books that have a touch of romance so this was a different read for me. I read all seven books in two days. Incredible story from start to finish. Usually there's one book in a series that's a dud but not this time. Pretty much non stop action but you got to know the characters at the same time and grow attached to them. It was also different in that being someone who had the skills to take care of themselves in a fight wasn't glorified. It's the relationships and friendships that we build that are most valuable. I was sooooo disappointed to read the last page. I wanted more!
