## Customer Reviews

My five year old son LOVE dinos and Legos, so it was only fitting we got him this for his Christmas eve box. He loved it and all the whitty side facts that are on each page.

My 3 year old loves this book. He is obsessed with dinosaurs right now. I enjoy Lego humor, so its a nice change from the usual dino kid book. Very informative.

I read LEGO books before my 3 year old goes to bed

My son saw this book in the scholastic book fair magazine. He didn't see it until after the book fair and insisted he have it. Now he reads it every night and sleeps with it too!

great book for grandson
