Rented for masters class. Excellent price in perfect shape. Very little wear and no markings.

because that is the class require, I had to buy MY PROFESSOR'S book.

I'm halfway through an MBA program and have found this textbook to be the most interesting and well written one yet. It's quite lengthy, but the concepts are relevant and the content is applicable. Excellent book.

This was for a class. The book talks a lot about ethical issues and how an organization can overcome it with it's leadership and people.

This a collage course book, it loaded to Kindle PC, and Kindle Cloud and works.

Thank you

Very difficult read, but its what you need for class.

Definitely helped with my class
