E-cigarette: The Real Benefits & Myths About Vaping

Synopsis

Wondering whether to start to smoke e-cigarettes or not???This book is for you!In âœE-cigarettes: The real benefits & myths about vapingâ• you will learn everything you need to know about e-cigarettes. Here you will find facts about e-cigarettes: whether they are beneficial or not? You will find answers to 8 mainstream myths and why they are wrong. One very important question will be answered; can e-cigarettes be a real alternative to regular smoking? You will find the different types of e-cigs and their advantages and disadvantages. Most important you could learn the medical advantages of using vaping like âœno second hand smoke hazardâ•. The real financial cost will also be shown and how exactly an e-cigarette is working. At end you will have 10 recipes on how to create your own e-juices (which ingredients and how to make the liquid). This piece of information alone could save you at least half of the price for e-liquids and is more convenient to make your own liquids.The book is great for people who want to quit smoking or are looking for a healthier solution without really âœstopping the vaporâ•. I recommend it for everyone who tried other products but never worked; this time read this book and then decides if this is for you.Preview of the book:- Get familiar with e-cigarettes: what they are made and when it started- An explanation of what is vaping: how it helps and will it stop smoking- Types of e-cigs: advantages and disadvantages- Social benefits-8 mainstream myths about e-cigarettes- 10 e-juice recipesHurry up!! Customer Reviews

I clicked on the read for free icon and was charged \$2.99.

Clear and concisely written.

No new information - everything easily available on the internet or from any vaping shop. And the author should really invest in a proof-reader before publishing. Loaded with grammar and spelling errors. Very unsatisfied.
