Purchased this book for a 24 day countdown to Christmas. I wrap up 24 books and put them in a open box. Then Dec. 1st I let one of my grandchildren open a book then I read it to them. This way they learn to count, listen, take turns and wait. It is fun to do.

My husband loves these books, so we had to add them to our babies book collection.

Bought this book for my great-niece as a gift. They have a lot of snow in their area and I knew she would really enjoy it.

I love little critter books since I was a child and love reading them to my children. Great messages!

Fun story line for the beginning reader.

Very well packaged. Delivered on time. very happy with item. thank you. I need 8 more works. new 3. ONE!

Son loves it

Daughter loves it! It has the mouse friend and the spider on almost every page, so if you like searching for them as much as my daughter does then this is one of the best Little Critter books.
