I love the cherub angel cards. I bought it for my grandchild as her mother and I have all off Doreen's oracle cards. They are beautiful and give a true account for readings. The cherub cards are the right size for tiny hands, beautiful pictures. A child would love these cards.

My 9 year old daughter loves these but they are quite small and she hasn't used them more than a

handful of times.

Bought these for my granddaughter, and she really likes them. Wonderful cards for a young child.

I love these cards, the artistry is amazing and easy to use, I am using them as the tool for reading for children as they are easy to understand and read - Love them and the creators - Doreen for listening to all the Mother's out here and finally for the development of a tool to helping all children that are so in need at this time and have needed the help for so long, way too long.

My grandkids absolutely love them. Every morning and bedtime we read a card and discuss it. Every family should have this and every grandparent should keep one at their house

My son was disappointed in the messages and they are for VERY SMALL hands.

Not what I expected

I purchased this deck for my niece (8yrs old) as a gift and she loves them! The artwork is beautiful and the guidebook is so easy for a child to understand. They are a wonderful way for children to connect with their angels. I think I need to get a deck for myself.
