Walking And Trekking On Corfu: The Corfu Trail And 22 Outstanding Day-walks (Cicerone Guides)

Synopsis

This guidebook to the Greek island of Corfu describes a selection of 22 superb day walks throughout the island, along with the 150km Corfu Trail. The day walks range from 3.5 to 18km in length, and begin from a number of popular holiday destinations across the island, including Corfu Town (home of the Durrell family), Kalami, Paleokastritsa, Agios Georgios north and south, Liapades and Benitses. The 10-stage Corfu Trail starts near Kavos at the island's southernmost tip and ends at Agios Spiridonas, its northerly promontory. The Corfu Trail is suitable for both novice and experienced walkers, and can be walked year round, however accommodation is easier to find between May to October. The wide range of day walks provides a taste of the many different landscapes of the island from coastal paths and beaches to olive groves and wooded hills. Alongside detailed route descriptions and clear maps, the guidebook has notes on Corfu's plants and wildlife, food and drink, and useful advice on travel to and around the island. It includes suggestions for where to stay, as well as a glossary of useful expressions. Corfu is the greenest of the Greek islands and one of the most accessible; the walks described avoid the crowded resorts and allow you to experience the laidback atmosphere and varied natural landscapes of this beautiful island.
