Constitutional Law: A Contemporary Approach, 3d (Interactive Casebook Series)

Synopsis

New CasebookPlus book purchase, or eBook & Learning Library purchase, includes complimentary digital access to the accompanying 2017 Supplement, when available. The third edition of the casebook, which is suitable either for a one- or two-semester course, strives to make constitutional law easily teachable and readily accessible for students. The authors have selected the cases very carefully and provided extensive excerpts of the opinions so that students get a good sense of the Court's reasoning. Text boxes call the students' attention to important aspects of each opinion, and the book is filled with introductions, points for discussion, hypotheticals, and executive summaries. The authors present a diversity of views on every subject, and, reflecting some of their own disagreements, the authors have written point-counterpoint discussions on many disputed questions.

Book Information

Series: Interactive Casebook Series

Hardcover: 1452 pages

Publisher: West Academic Publishing; 3 edition (April 2, 2015)

Customer Reviews

I wasn't a huge fan of this casebook. The book leaves out portions/certain text of majority opinions, omits some concurring and dissenting opinions, and asks more questions than it provides explanations for on different concepts. Of course, this is my first experience with a law school case book...but I would have preferred to read an entire opinion for the full context.

For a textbook, this book is great! I love the FYI and Take Note boxes. They really help to get points across that I may have missed otherwise.

The Book arrived as expected, and it comprehensive. Make sure you also pay strict attention that this is the book your professor asks for :)

It's a great book! Just hate reading it for school LOL

it was wrapped. good.

it was too much highlighted

This is one of the best books I've used in law school. It has good notes between the cases, good annotations to make sure you don't miss what's important in a case, and good questions to make you analyze what you just read. Highly recommended.
