Blindfold Fantasy: A Novel Menage

Synopsis

One blindfold. One woman's deepest fantasy. Two men with an innocent scheme that changes all their lives. Forever. Playing by the rules is Jayne's only rule when it comes to life and love, and for good reason. The one and only time she throws caution to the wind, embracing her inner freak and her deepest fantasy, she gets much more than she bargains for. On the first day at her new job, she is mortified to discover that her sexy new boss, Blake Travers, is the same man with whom she let her freak flag fly one sultry Vegas night. Or so she thinks. Irresistible CEO, Devin Kirk, was only doing his best friend, Blake, a favor by agreeing to spend one hot night with a woman he'd never see again, fulfilling her blindfold fantasy. Since they were both wearing blindfolds, she'd never know the difference, right? What he didn't count on was having the best night of his life. When the blindfolds come off, and the truth is revealed, Jayne, Blake and Devin find their hearts in a tangled knot they're not certain they want to untie. Is three a crowd, or can they give their unconventional affair a chance to become the kind of love they never dreamed possible? **HEAT WARNING:**

Blindfold Fantasy is a MFM erotic ménage romance containing well-defined sexual situations with two angsty, Alpha-billionaires and one lucky woman who gets more than she bargains for when she dares to fulfill her secret sexual fantasy. Intended for mature readers only. **GENRE:** Menage Romance, MFM, Billionaire, Romantic Mystery, Workplace Romance, Humor, Full-Length, Standalone Novel Other Menage Romance by D.L. Customer Reviews

I hate to gush over stories I love because it tends to sometimes have negative affects for people considering the purchase. We're all so different and unique and what floats my boat might sink yours. But let it be known that I didn't receive an ARC and I am not acquainted with this author. This is my first time reading Ms. Roan's work...(which surprises me as I read 3-4 books a week). I don't know how I've overlooked her. I seldom give five star ratings because most stories I select seem to be worthy of no more than 4. But this story hit all the right criteria for me. This is my unbiased, honest review. I was instantly roped into the plot and I instantly connected to each protagonist. I loved 26 y/o strait laced Jayne Simon...she's an intelligent and confident architect, yet she's the shy girl-next-door, complete with innocence, vulnerability and low self confidence and no self assuredness with men. She soars in the workplace yet gets tongue tied, nervous and begins to stutter when a handsome guy flirts with her. She doesn't consider herself pretty or even cute. She feels average and boring and incapable of flirting. So when Jayne goes with her best friend to Vegas and is then surprised with a Blind Fantasy date, Jayne of course balks and refuses to participate. I equally loved 31 y/o Devin Kirk and how this author introduces him to Jayne as well as to the reader. And when he's reluctantly roped into doing his best friend (Blake Travers), a favor and become the substitute to fill a Blind Fantasy date to an unknown female, he kicks himself all the way to the rendezvous for agreeing... while hyperventilating from nerves. The moment was hilarious. Blindfolded, he meets blindfolded Jayne and becomes obsessed with everything about her. She's nervous, stuttering, yet alluring and captivates his every sense and Ms. Roan perfectly conveyed the moment with exact, fine toothed precision. The encounter had me rolling with laughter because of the things Devin eventually begins yelling in the throes of his gratification. It was exactly what I would imagine a guy who's losing control would be saying/yelling and it was just too much. I was cracking up. So great! So yeah...I loved this story of mistaken identities and a little bit of corporate espionage added delicious, nail biting drama and suspense. Jayne is never irrational or irresponsible or spontaneous because those actions ALWAYS rise up in the worst way to bite her in the arse. And here she is in a fine mess, all because she agreed to a Blindfold Fantasy. The

menage aspect of the story was, of course, steamy and hawt...but not over the top and conveyed tastefully and maturely. Adult language is toned down and not overdone. There were a few holes. Like...if you're being harassed with dozens of crank calls by a psycho babe, why are you not blocking the number on your cell? And, if you're in an intimate relationship with your bosses and they're doing you in the office, how is it that co-workers don't know? Given that Jayne's a sometime screamer and the secretary/assistant is right on the other side of the wall? With all the PDA Jaynes two fella's give her coming/going...elevators, parking lots, dinners etc., how were they able to keep their threesome a secret from co-workers? This story was brilliant fun with just enough suspense and controversy to keep me glued to the story. It has humor and angst. I eagerly recommend if this is your genre.

Wow! DL Roan's newest book was one of those you just don't want to put down. There was a great story line, full of fresh ideas, that kept me hooked. And the sex scenes? My, oh my!!!! Crank up the AC, you'll need it to cool off. This is an adult novel with a M/F/M relationship, so if that is not your thing, look elsewhere. If it is your thing you will love this book.

this was surprisingly really a good book. I say that as alot of erotica has no substance just sex for shock value sake and nothing more. This story has really great fleshing out of the characters and you come to care for them. I did from the get go guess who was the evil person in this story but it had so much more. I would really like to see Rox get her story as we really loved her bad mouth attitude.

I was surprised that I enjoyed this book. I expected another mediocre shallow attempt at a ménage but I got a pretty good story with some angst. The characters actually have jobs that are important to them and we are shown that, plus the past is part of the present and the issues that the two men are dealing with in the complicated relationship. I read another of this author's ménage's a while back and have kept her name on my "to read" list. Yes, you have to suspend a little reality when enjoying this story. After all, what educated bright young woman allows her best friend to set her up with a male prostitute in Vegas? But it worked for me and I kept on reading. I thought the author built the anticipation very well for the big reveal even though the reader is totally in on the events and the "who", it is still fun to watch our clueless girl stumble her way toward the obvious conclusion.

Truly enjoyed this story. Fell in love with Devin at the beginning, but then Blake came along and oh my!! Couldn't decide which one was hotter! The chemistry when they were together was just smoking hot! Have read this book many times and I always enjoy it. Love the relationship Jayne and Roxy had. I understood why Roxy made the decision to keep Jayne in the dark. Will we see a HEA for Roxy? (Please!)

This book had me laughing, sighing, fanning myself it is just so darn hot and crying. When an author pulls all of those emotions from you while reading their book then they have done their job. This is a book that I know I will be reading over and over because I have enjoyed it so much. You close it with such good feelings that you have the urge to start all over again because you just don't want to lose those feelings.

4.5 stars. This is my first ménage novel and it did not disappoint. There was no way to avoid liking Jayne, Devin and Blake and the dynamic between them. Jayne pretty much got to live out a real world fantasy by having 2 incredibly attractive and sexy guys lavish affection and attention on her. Each of the characters were well described. Jayne, who always feels plain and simple, has a heart of gold and compassion that there is no limit to how much she can care about a person. Devin is a CEO with alpha tendencies and is closed off to emotional attachments that pretty much shatter around Jayne. Blake is a broken guy wading through each day of life without clear purpose except to make it to the next, but that broken side of him hurts less with Jayne. The way the story is woven creates a deep attachment to all 3 of them that it is impossible for Jayne to choose one guy. They pull Jayne out of her sheltered existence and introduce a new kind of passion to her. She seals up the holes in their hearts and make them think of forever with her. They have a synergistic effect when all 3 of them are together. Needless to say, it's a hot read with other story lines mixed in and all I can say is that Jayne is one lucky woman.

I really enjoyed the first few chapters, but once they became a ménage, it seemed to change. I probably would have given this 4 stars if it wasn't for Devin believing the lies so easily.
