Scorpia Rising (Alex Rider)

Synopsis

Alex Rider is an orphan turned teen superspy who's saving the world one mission at a time "from #1 New York Times bestselling author!" Scorpia has dogged Alex Rider for most of his life. They killed his parents, they did their best to con Alex into turning traitor, and they just keep coming back with more power. Now the world's most dangerous terrorist organization is playing with fire in the world's most combustible land: the Middle East. No one knows Scorpia like Alex. And no one knows how best to get to Alex like Scorpia. Until now. From the author of *Magpie Murders* and *Moriarty*.

Anthony Horowitz, in addition to being an international bestselling author, is also the writer and creator of the multi-award-winning television series *Foyle's War*. He lives in London, England. Visit him online at www.alexrideradventures.com and www.anthoniyorowitz.com or follow him on Twitter @AnthonyHorowitz.

My teenage daughter loves this series and owns all of the books in the Alex Rider series. She's read each one numerous timesseriously.

I've been with Alex since the beginning, and I love the series, completely and utterly. My favorite thing about the series is the ability that it gives us to connect with each and every character. It shows everything, and while I admit that the first few chapters were slow without Alex, as soon as he was thrust into it, it became much better. Now, I gave it five out of five stars because of character development. In Alex, Mr. Blunt, Jack, and even Mr. Smithers, we see so much character development, though Especially in Alex. When he first started all we saw was a fourteen year old boy thrust into a world he never knew existed and most likely never wanted to know. In this book, the end, we see that Alex has grown so much, physically and emotionally. I really noted the growth during his (almost) torture scene. Fairly calm, for the most part, but still alert, aware. I loved this book, this whole series, in every twist, turn, and death.

My son's favorite book series. These were birthday presents. Great series for young male readers.

My son's favorite book series. These were birthday presents. Great series for young male readers.

I bought this series of books for my son. He loves them. Easy read and the writer includes real places and things in his stories. My son has to read one book per week for his english class and I have dreaded this chore, but since my son can't wait for the next one. He finishes one book and moves on to the next. In fact he has continued to read during his Winter Break. I give this one a 5 star.

Bought for grandson's set. He finds the books page-turners. Excellent condition.

I bought this book to read to my 11 year old son. He has read previous books in the series. We both enjoy the spy genre and I found the stories to have compelling characters. It had a well paced storyline with plenty of action. The plot was a bit transparent for adults, but was appropriately complex for a younger audience. Alex Ryder is a great character for young teens and Tweens, possessing great talent with the right amount of humility, a good sense of humor, and a good code of ethics. Best of all, It's FUN!

Great books for young boys
