Customer Reviews

This is an awful guide. You can find better free walkthroughs and guides online with color photos. THIS guide is strictly text, no images, no color, and the writing is mediocre. You likely won't find this guide any help if you've already started your game, and the way it's written makes it extremely difficult to know where they are talking about unless you have a very good understanding of the game already

Perfect!It was easy to read and understand.So read this. I liked it. It made the game much faster

A great reference guide!
