Buddy Baker began racing cars at age eighteen until the early 1990s. Best known for his record-breaking speed in the 1980 Daytona 500, he eventually became a NASCAR color commentator for TNN Motorsports. He currently helps run the Buck Baker Racing School in Rockingham, North Carolina. David Poole was a motorsports writer for the Charlotte Observer for twelve years, traveling around the country more than thirty weekends a year covering NASCAR's top series and teams. He also wrote several books on NASCAR, including *Tim Richmond: The Fast and Remarkable Times of NASCAR's Top Gun*. He passed away in 2009.

One of the few book purchases from that I regret! Overpriced and rather short. Found very few of Buddy's stories worth telling. Plus hard to follow his ramblings at times. He may be a good guy but

he def needed a ghost writer or someone to help edit before going to press.

My husband enjoyed this. Buddy Baker recently passed away and he was a favorite.

Great stories written and read like Buddy was sitting across from you telling them-

I love Buddy Baker's stories and this book is full of very interesting and funny stories. I enjoy listening to Buddy on Sirius radio and enjoy his telling stories about life on and off the track, so when I was reading, I could hear his voice and chuckle as I read. Thank you Buddy and David Poole (miss you) for presenting these stories which would otherwise be lost in time.

I followed Buddy Baker from the 1970 Talladega race he drove the Cotton Owens number 6 Dodge Daytona and went out in a blaze of glory. From that point forward he was my favorite driver and it was great to read these behind the scene stories from so many historical races I remember and to also read his background prior to 1970.

I have been a fan of the sport for 20+ years. Buddy Baker is one of the true personalities of this sport and I enjoyed every page of this book. It is a great read for the die hard fan as well as required reading material for newcomers to the sport.

This book was great. I bought it for my husband (who is a die hard Buddy Baker fan) and he loved it. He doesn't read a lot of books but he could not lay this book down, finished it fast with a lot of comments and laughs too,

Ok reading.
