Expert Witness Training: Profit From Your Expertise

Synopsis

Expert Witness Training is packed with practical details and instruction about becoming, being, and succeeding as an expert witness. It features more than one hundred specific tactics for use by the specialist retained by an attorney as an expert witness. This comprehensive training program incorporates thorough explanations of qualifications, opinion formation and expression, testifying skills, witness credibility, and jury persuasion. Written in confident tutorial form by an experienced expert and teacher, it includes the latest references and legal standards needed by a well-trained expert witness for admissibility of evidence and testimony, as well as Federal Rules of Evidence and Federal Rules of Civil Procedure, and Daubert challenges. This book covers issues of importance to every expert from the perspective of the witness, along with perceptive insight into the attorney's mindset. Attorneys wishing to learn what experienced expert witnesses know and think should have a copy and copies for each of their experts.

Judd Robbins has been an internationally recognized expert witness since 1986 in more than 120 legal matters in the United States and in the United Kingdom. He has testified in state and federal courts throughout the United States and has been featured as a computer forensics expert and cyber sleuth on cable TV shows on MSNBC, Court TV, and Tech TV. His cases range widely from intellectual property infringement to murder. He is a best-selling author of thirty computer training books, and his books have been translated and sold in more than a dozen languages and foreign countries. He has created more than twenty-five training DVDs and videos on various computer

subjects. Robbins has advanced degrees from the University of California—Berkeley and the University of Michigan, has been an Information Systems manager and an Education Systems manager, and currently runs his own consulting and training company.

helpful advice for providing better testimony in court, whether or not you pursue as a profession.

Good sale, fast shipment.

good book, needs more detail at times, overall it is a good read. I am planning on keeping it in my reference library

Judd Robbins is a highly respected expert witness in one of the most difficult fields - computer forensics. In order to be an effective expert witness, he needed not only to have full command of his subject matter, but a infallible strategy so his testimony stands rigorous examination. His extraordinary mind has explored the effective ways and the not-so-effective ways to serve his clients in the best manner possible. If this is a field that interests you, you can get no better guide, teacher, and mentor than Judd Robbins.
