The Breakthrough (Precinct 11) (Precinct 11 Novels (Audio))

Synopsis

As the youngest bureau chief and head of the Chicago Police Department's Major Case Squad, Boone Drake seems to have it all under control. Only those closest to him know that just a few short years ago, he lost everything that mattered to him in a tragic accident. After years of healing, his life is back on track. He recently married a wonderful woman named Haeley, adopted her son, bought a beautiful home, and rediscovered his faith. But Boone can't fight the feeling that something is about to go terribly wrong . . . again. When an all-too-personal case takes Boone to Beijing at a time when Haeley can least afford to let him go, Boone is forced to make a difficult choice. There he becomes enmeshed in a dangerous human-trafficking ring that takes him through the famed Hutong District's narrow streets, alleys, and hovels. Teamed with a former Liberation Army officer, Boone has one chance to pull off an elaborate sting and rescue a young boy before he disappears forever.

Customer Reviews

Last time we saw Chicago cop Boone Drake, he was beginning to recover from the tragic events that claimed the lives of his wife and child; he'd turned a personal and spiritual corner and was willing to risk his professional reputation to prove someone close to him wasn't involved in an attempt on a key witness's life. Now he's married to the woman he risked his career to protect, father to her young son, and he's head of the Chicago PD's Major Case Squad. But out of the shadows comes a new threat, one that could rip apart his new family. As with the previous Drake novels (The Brotherhood and The Betrayal, both 2011), this third and final installment of the

trilogy nicely balances down-and-dirty crime motifs and Christian themes. Boone's increasingly desperate hunt for human traffickers is well portrayed, as is his complex relationship with God (which, though central to the book, is not hammered home in such a way as to turn off readers who are just looking for a good crime novel). A satisfying conclusion to a very interesting trio of novels.

--David Pitt --This text refers to an out of print or unavailable edition of this title.

Jenkins has moved from end times (the megaselling Left Behind series) to crime times, and it's a smart move. . . . Jenkins is a consummate novelist. --Publisher's Weekly

A novel that keeps your attention throughout the entire storyline!

Excellent seller and product, thanks

I just finished reading Jenkins third book. The book kept me reading long into the night. The characters were good and bad, but goodness always wins. One of the best series I have ever read except the Left Behind Series. I love series because you know the main characters. I highly recommend this book to anyone who loves reading books and have no use for bad language.

Jerry Jenkins books are always good.

Thoroughly enjoyed the writing of Jerry Jenkins again. I enjoyed the characters most of whom were introduced in the earlier books in the series. The story kept pulling me in making it hard to put down. I was a little disappointed in the end. Without spoiling the end it could have drawn out the suspense a little more. The ending was a little too tidy and I missed getting details on the results for some of the bad guys. Otherwise it was enjoyable and I am looking forward to Mr. Jenkins' next story.

Jenkins takes a big chance on taking the Chicago beat cop, giving him black ops abilities and sending him to China to get his stepson back from a Child broker. The story is a strong family message. It is made stronger by the fact that the child is his stepchild. It only had one weakness - the China part of the story was weak on details about how he managed to do all he did in a couple of days. It was a little bit implausible. But that's the thriller genre for you.

Excellent book -- mystery, police, romance -- last of a 3-book series. Jerry B. Jenkins is one of my

favorite authors!

Exciting
