The Artist's Way: 25th Anniversary Edition

Synopsis

"Without *The Artist's Way*, there would have been no *Eat, Pray, Love*." —Elizabeth Gilbert
The Artist's Way is the seminal book on the subject of creativity. An international bestseller, millions of readers have found it to be an invaluable guide to living the artist's life. Julia Cameron reflects upon the impact of *The Artist's Way* and shares additional insights into the creative process that she has gained. Updated and expanded, this anniversary edition reframes *The Artist's Way* for today's creatives.

Customer Reviews

If you need a gift for an artist friend, this couldn't be more perfect! Julia's wonderful suggestions and exercises are incredibly helpful to those who work in creative fields and are often self-employed or freelance. Her "Morning Pages" are one of the most wonderful ideas ever. I don't do them all the time, but when I have a lot going on or a problem to solve, they really help me keep on track with my goals. That in itself is no easy task!

My second copy of this excellent book

Everyone would benefit from this book, particularly those who have unresolved issues that are blocking their creativity. The Daily pages are a form of journaling and there are many questions given throughout the chapters to ponder & help yourself get unresolved issues sorted out.

Practical and insightful. Helpful tips for those interested in a more creative and spiritual life. I loved the ideas about the morning journal pages

I've loved this book since it originally came out. It started me journaling and writing stories. Really helped me tap into other creative outlets.

So thankful for this guide to unlocking my creativity. I'm doing this 12 week program with a group of fellow "recovering artists" and we meet via google hangouts on a weekly basis. This is truly transformative. Thank you!!

Morning pages help me get my thoughts down on paper so that I can see what I want to accomplish with my life. It gives me perspective.

What a beautifully designed book, really speaks to the artist in all of us, just in construction. Well written with great exercises.
