Customer Reviews

Michelin detail, perfect map for driving in Tuscany. One suggestion Michelin: tell people how to read the on/off ramps for the Autostrada. Didn't figure it out until we experienced no off ramps for many kilometers beyond where we had intended to go.

We plan to drive around Umbria, so this map gives us a good overview of towns, distances and routes. Better for planning than for the actual driving.

As described, and quite useful. Great detail.

Great map with good detail.

Easy to read, easy to follow, accurate maps and areas that were enlarged for local travel were helpful. Took a bit of time to refold but worth it.

A good map of the area.

Was what we needed!

Great map good detail
