Unicorn Wings (Step Into Reading)

Synopsis

"I wish I had wings." The white unicorn can heal wounds with his horn. He can make rainbows. But what he really wants is to fly. So he sets off on a quest--past birds and butterflies--to find wings of his own. A charming Step 2 title with a ton of girl appeal.

Grade Level: Preschool - 1

Customer Reviews

Kindergarten-Grade 1 "In overly cute illustrations, filled with rainbows, flowers, and butterflies, and simple text, beginning readers meet a unicorn that can fix things with his magical horn. However, he is unhappy because he does not have wings. He asks the birds, butterflies, and swans for wings but, of course, none of these animals can share. He falls asleep on the beach and when he wakes up he sees a winged horse with an injured wing and heals it with his horn. The cured animal leaves, and the unicorn wishes again for wings. He looks in the water and (surprise, surprise) he has them. This title is not going to fly with children. Even the ever-popular unicorn will not save it. It is just too precious and there isn't enough plot to hold their attention." Susan Lissim, Dwight School, New York City Copyright © Reed Business Information, a division of Reed Elsevier Inc. I bought this book as a Christmas gift for my young daughter. She loves unicorns and reading and it looked like a great book for us to read together. Its a nice, short book. Don't get me wrong, I love reading to my daughter, but some of these really long books just make me want to hide them! Its a Step 2 book, so perfect for beginning readers who are just starting to learn to read. This book is beautifully illustrated with colorful butterflies and swans and rainbows. The main story is about a unicorn who wishes that he had wings, and he visits different animals and wishes he had wings like they did. Spoilers! At the end, he meets an injured Pegasus, and uses his magical unicorn powers to heal his hurt wing. If you are expecting him to appreciate who he really is, you'd be wrong. He's STILL moping about the lack of wings. Then suddenly he magically has wings! I assume the Pegasus granted him wings and off he goes to say thank you. I liked to talk to my daughter about how we should be happy with the gifts that we have, that the Unicorn was already special just the way he was. She says why would you NOT want wings, because wings are AWESOME. I really had not thought about the story in that light, instead of being happy with what we have, maybe we should strive to be more? All in all, its a cute story with eye catching pictures that really holds her attention and we got to engage her in some thoughtful conversation about Magical Unicorns.

Kids weren't too amused by this book, but someone else's might love it.

I COULD HAVE WRITTEN A BETTER TEXT FOR THIS BOOK. THE PICTURES ARE SWEET THOUGH AND MY GRANDDAUGHTERS ARE INTO UNICORNS SO I MAKE UP THE STORY AND CARRY ON!

A gift for my granddaughter. She love unicorns and the book.

Another great Step book for my kindergarten reader.

I like better quality paper especially on children's books. I expect them to be read over and over. The story itself isn't all that appealing even to my super unicorn loving granddaughter soooooo.... I suppose the paper quality is not going to be much of an issue.

Story isn't great.

Fantastic book
