Conversation Casanova: How To Effortlessly Start Conversations And Flirt Like A Pro

Synopsis

Discover How to Master Conversation, Connect With Women, and Drastically Improve Your Dating Life... What if you could effortlessly strike up a conversation with any women, at any time, in any environment? What if you knew exactly how to keep the conversation going (so you never ran out of things to say)? What if you could command women's attention and instantly connect with them? What if you could turn any conversation from boring to sexual? That would all make your life a lot more fun, right? Well, it's not out of your reach. All of this is very possible. And you'll discover exactly how to do it in Conversation Casanova. It's a proven system for effortlessly starting conversations, flirting & connecting with women, and leading conversations to sex. Here's what you'll learn in Conversation Casanova: How to confidently approach women at any time and in any environment; 5 fool-proof ways to start a conversation with any girl; How to get past small talk and connect with her; How to flirt with (and without) your words; The 4 "Casanova Mindsets" that make you a sexy conversationalist; 20 questions to ask a girl on the first date; How to tell a kick-ass story that hooks her in; And much, much more! Plus, there are action tips in every section, so you can immediately implement all of the conversation tactics. In doing so, you'll unlock the power of conversation. You'll be the guy who the other guys look at with jealousy, as you effortlessly attract women with your words. Your dating life will be abundant, your relationships will flourish, and you'll have more opportunities than you can imagine. So, what are you waiting for? Customer Reviews

Conversation Casanova isn't like most books on dating you'll find out there. The author Dave Perrotta really gets into conversing and connecting with women. He takes you step by step from starting a conversation with a women them to connecting and having meaningful conversations. What I really liked is that he gives you actionable steps you can take to start implementing what he's saying into your life. From reading the book I was able to see that the author knew what he was talking about and has paid his dues. His advice comes from experience and time put in. This book will help you not only connect with women but connect with people too.

I was seriously skeptical about this book but I gave it a shot as I felt I needed improvement. Needless to say I'm floored by all the areas he covers to assist you in talking to women. I'm not even finish with the book yet!!

great book and great advice, the challenging part is to do what it says. It is obviously not a magical book you have to work on yourself and work hard on your weaknesses.

This book was a good read. I did have few problems when it comes to starting a conversation, however in this book, there were some explanations to my questions of how to start a conversation, what topics do you bring, and what to avoid. Also, there is some more advice in the book on why you must change certain mindsets when it comes to dating , which I found totally sound and true.

Absolutely everything you need to know about hitting it off with women and maintaining a positive/flirtatious vibe after the first encounter can be found within the pages of this book. The author knows exactly what he's talking about, he also acknowledges the fact that just reading the information in the book is not enough, you must internalize it and put it to PRACTICE! I recommend this book to anyone who needs to improve their skills with women.

When it comes to dating advice, there's no one that explains it more directly and effectively than Dave Perrotta. I remember when I started reading his blog, I just graduated college and felt absolutely helpless with dating now that I was out in the "real world". However, Dave's content introduced me to a new way to look at life and attracting beautiful women. As soon as I heard this book was released, I downloaded it immediately and dove right in. Needless to say, I was not disappointed with the action-packed, realistic tips I could apply to my life right away. After reading this book, I feel more approachable and prepared whether I'm out at the bars, or walking around my neighborhood during the day. I feel more confident. And most importantly, I'm meeting and dating some incredible women in my life simply by starting authentic conversations with them. Meeting the woman of your dreams starts with a conversation, and Conversation Casanova well help you bring out the best version of yourself to speak confidently and smooth.

Easily the 2nd best book I've read about dating (second to Models by Mark Manson). It covers a lot of things most guys struggle with and gives practical solutions. All in a short and easy read.

I always had trouble with conversation on first dates. I would run out of things to say or get stuck in boring small talk. But just by using Dave's 5 conversation topics for connecting, my last first date went amazingly well... I can't wait to use the rest of these conversation strategies!
