Customer Reviews

The most widely-adopted introduction to philosophy text for almost two decades, this classic text introduces the major fields, problems, theories, and personalities of philosophy through the biographies and writings of leading thinkers. --This text refers to an alternate Hardcover edition.

This classic introduction to philosophy explores the major fields, problems, theories, and personalities of philosophy through the biographies and writing of leading thinkers. Contemporary Applications sections in each chapter show how classic philosophy connects to contemporary issues. Each chapter begins with a biography of a great philosopher, combines simple, clear explanations with short selections from classic texts, and focuses on WHAT the great philosophers said, and WHY they said it. Theory of Knowledge. Philosophy of Science. Ethical Theory. The Ethical Dimensions of Medicine. Social and Political Philosophy. Philosophy of Art. Philosophy of Religion. For anyone interested in Philosophy. --This text refers to an alternate Hardcover edition.

Philosophy can be a rather daunting subject. It requires a lot of self reflection, and Wolff does a fantastic job of describing situations to guide you through learning to be more inquisitive about the world. While this textbook was assigned reading, I felt like I was reading a book for pleasure. I got through the chapters easily.

Great quality book, said shipping would take 10 business days but came in like 2 or 3. Very pleased. Thanks!

The book was easy to follow and understand. It was very insightful and worth reading.

Great content - easy to understand

This book does not explain in plain English the philosophical ideas. All you get summaries and direct quotes but no true explanation. The writer assumes the reader has a solid background on the subject. It was frustrating.

They came on time and it was very helpful thank you

I'm a Philosophy major in college and this book was a steal. it arrived in perfect condition without a mark, and its a really interesting read if philosophy is your thing

everything good
