The Mandolin Chord Bible: GDAE Standard Tuning 2,736 Chords (Fretted Friends)

Synopsis

The Mandolin Chord Bible, with its 2,736 chords offers a complete solution for both beginner and experienced professional musician alike. The layout is uncomplicated and follows a logical musical progression from standard major chords up to the more esoteric thirteenthths used by many jazz players. To accompany the 2,736 chords, a further 576 possible moveable chord configurations are included, together with a useful range of slash chords, reflecting the popularity of this type of chord in many of today's artist and compilation topline songbooks. This highly comprehensive guide provides the musician with no fewer than 68 different types of chord in all twelve keys, making it the definitive publication for the Mandolin. Whether you play folk, rock, pop, jazz or any other type of popular music, The Mandolin Chord Bible makes the ideal reference source for all occasions.

Customer Reviews

Tobe Richards has over thirty years experience of chord theory and playing various fretted musical instruments. He's also studied design for four years in the late seventies and early eighties, combining the two disciplines to produce comprehensive, yet easily accessible musical instruction guides for the last ten years. His books are currently being used all around the world by musicians as the popular go-to guides for fretted instruments.

Tobe Richards's "chord bible" series are the only chord books I've found that indicate the scale intervals for each chord. This is EXTREMELY helpful!
